

**Bricolage Academy  
RFP Questions and Answers  
May 26, 2017**

**In the Our Lady of the Rosary School building:**

**What is the square footage of carpet?**

Approximately 1,430 sf. There is carpet located in two classrooms: 106 (approx. 704 sf.) & 206 (726 sf.) Most classrooms also have two to three area rugs.

**What is the square footage of VCT?**

Approximately 2,600 sf.

**What is the square footage of terrazzo?**

Approximately 3,895 sf of terrazzo (office, cafeteria, hand sink area between cafeteria and foyer, back hallway)

**What is the square footage of ceramic tile?**

There is no ceramic tile present in the facility.

The facility has approximately 12,000 sf of 9"x9" resilient tile, which is considered to be Asbestos-Containing Building Materials (ACBM).

**Who is the current vendor and what were the results of the bid to the previously awarded contract?**

The current vendor is Eagle Eye Resources. The current vendor was awarded the original contract when Bricolage moved into the Holy Rosary facility in June 2015 and will complete the second year of its agreement with Bricolage on June 30, 2017.

**Is there a bid/RFP number associated with this RFP?**

No.

**Is there any custodial equipment that belongs to the school that will also remain at the facility?**

The school owns approximately 10 “Brute” 55-gallon trash cans which will remain at the facility. Bricolage expects the awarded bidder to provide all other equipment, supplies and materials required to service its facilities.

The Holy Rosary facility has existing soap, paper towel, and toilet paper dispensers in all restrooms that may be re-used by the awarded bidder.

The awarded bidder will be expected to install dispensers as needed at John McDonogh High School.

**On page 13 of the RFP, item #7 indicates we are to include all 7 pages of Attachment D. I can only find 3 pages of Attachment D. Am I missing pages?**

This is a typo. Attachment D only contains 3 (three) pages.
